

Plantation Animal Clinic Boarding

While boarding at Plantation Animal Hospital your pets will be well cared for. To help us in caring for your pet, please fill out the following questionnaire.

Name: _____ **Pets Name/s:** _____

1) Does your pet have any medication requirements? _____
Diet Needs? _____

2) Are you going to be leaving any items with your pet? _____

3) Will you have additional services rendered by the veterinarian or staff during his stay with us? ie: nail trim or medicated bath. **Please note that exams are associated with a fee** _____

4) What date will you pick up your pet AND at approximately what time? _____

The following vaccinations need to be current or we will need to administer them to your pet. Proper proof of vaccination will be necessary.

Dogs: Examination, Distemper, Parvovirus, Bordetella, and Rabies

Cats: Examination, Rabies and Distemper

***** I have been advised of the canine flu and the vaccination that is available to help protect exposed dogs** _____

Medical issues can arise during a boarding stay. In the event that an issue arises:

- I authorize all treatments for medical issues that may arise and depending on the severity of the issue, I realize the doctor may contact me after treatment is initiated or when my pet is picked up at the end of the boarding stay.
- I request that the staff or doctor call me prior to any treatment or examination be performed to receive my authorization. I realize that if I am not available this could delay potentially immediately necessary treatment while the staff waits for my confirmation. I also realize that if issues are deemed to be serious or life-threatening the staff may need to stabilize my pet prior to contacting me.
- I do not request any treatment by the staff and doctors of Plantation Animal Clinic regardless of any issues that may arise.

Please be aware that our goal is to treat and support your pets while they are with us. We just want to be sure that we understand your wishes for treatment appropriately. If you do consent to treatment please realize that you are responsible for any charges that result from the treatment of your pet while boarding with PAH.

Signature: _____ Emergency Number: _____

Email Address: _____

** If your pet has fleas he/she will be treated while boarding with us**

Thank you for choosing Plantation Animal Hospital to take care of your pet while you are away.
